

# CENTER FOR HEALTH EXPERIENCE DESIGN

POWERED BY **mad+pow**

## TERMS AND CONDITIONS

### Your Involvement

Out of respect for your time, we have made the participation requirements associated with membership as lightweight and high value as possible. We will work with you to identify a liaison to work with on your organization's side. Ideally this contact would participate in a 1-hour onboarding session and a 1-hour quarterly call to discuss upcoming events, services, and activities, and ensure that your organization is engaged and getting optimum value from the membership. All other activities can be explored in at your discretion and to the extent that you are most comfortable with.

### Membership Term

The term of membership is the date of signature and payment to the same date on the following year.

### Usage of Benefits

The Center will notify you of upcoming events and provide at least 2 weeks' notice for planning purposes. Should tickets and passes to training and events go unutilized, there is no reimbursement or credit.

### Logo Usage

During the timeframe of membership the Center for Health Experience Design will feature your organization's logo (if applicable) on its website at <http://www.centerhxd.com> as well as other printed communications. Your organization's logo (if applicable) will be displayed and you and your organization will be described as members but no other descriptive information will be included. The logo will be removed in the event that the membership period expires.
